RAILROAD ORDINANCE

AN ORDINANCE to secure material for the Public Buildings and the construction and repair of Streets adjacent to the Public Grounds, and for other purposes, and to levy a special tax therefor.

SECTION 1. That for the purpose of securing gravel, stone, brick, clay, lumber and timber for the construction and repair of the city buildings of the City of Portland, and of the streets adjacent to the public grounds, and for the other purposes as hereinafter provided, the corporation known as the "Oregon Central Railroad Company, of Portland, Oregon," be and is hereby authorized to issue two hundred and fifty bonds of the sum of one thousand dollars each, bearing interest at the rate of seven per cent per annum, commencing on the first day of July, 1868, and payable on the first days of January and July thereafter semi-annually for the term of twenty years, said bonds having thereto attached forty interest coupons to each bond, each coupon representing the half yearly interest of its representative bond, said coupons to be signed by the Secretary of said company, and countersigned by the Mayor and Auditor of the City of Portland as hereinafter provided, and to be made payable in United States gold coin, at the City of Portland, at the City Treasury of said city, at Portland, Oregon.

SEC. 2. That in order to carry out the provisions of the first paragraph of Section one of this Ordinance, there shall be levied and collected, in the year 1868, in the same manner as the other city revenue is or may be collected, a tax of two and one half mills on the dollar, of all taxable property in said city. In addition to the other taxes, the same to be paid in the gold or silver coin of the United States, and the moneys to be derived from such tax shall be and is hereby appropriated and set aside to constitute a separate fund, to be known as the "Railroad Fund," out of which "Fund" the said interest coupons, payable January 1st, 1869, on said two hundred and fifty bonds hereinbefore described, shall be paid as they may fall due and be presented for payment at said City Treasury, and if there shall not be in the Treasury, in the said "Fund," sufficient money to pay the said coupons, payable January 1st, 1869, or if there shall be a surplus after paying said coupons payable on that date, the City Council shall make such arrangements in this respect as is provided in section three of this Ordinance.

SEC. 3. That in order to further carry out the provisions of the first paragraph of Section 1 of this Ordinance, there shall be levied and collected in the year 1869, and annually thereafter for the period of eighteen years, in the same manner as the other city revenue is or may be collected, a tax of four mills on the dollar, of all the taxable property of said city, in addition to the other taxes, *provided*, however, that the City Council may at any time reduce the rate of tax in proportion to the increase of taxable property within this city, so that the revenue so collected by said tax shall not be less than the sum of seventeen thousand five hundred dollars per annum; the said tax to be paid in the gold and silver coin of the United States, and the moneys to be derived from such tax shall be and is hereby appropriated and set aside to constitute a separate fund to be known as the "Railroad Fund," out of which funds the said coupons for interest on said two hundred and fifty bonds hereinbefore described shall be paid as they fall due, and be presented for payment at said City Treasury from time to time, for the period of nineteen years, and on payment thereof by the City Treasurer, said interest coupons shall be cancelled and returned to the City Auditor, and if at any time there shall not be a sufficient sum of money in said Railroad Fund to pay said interest when due, then an amount sufficient to make up the deficiency shall be taken from the "General Fund" for that purpose, or the City Council shall make such other contracts and arrangements as may be necessary to make up such deficiency; and whenever on the first day of January of any year, there shall remain a surplus in said "Railroad Fund" after the payment of the interest on said bonds payable on that date, such surplus shall be paid into the "General Fund," provided, always, (and said bonds and coupons shall so express,) that the city of Portland shall never be liable to pay the principal of said bonds.

SEC. 4. That in order to insure the performance of the conditions and considerations on the part of said Railroad Company hereinafter expressed, and in order to avail themselves of the provisions of this Ordinance, the said Railroad Company shall commence to grade the said road and prepare the ground ready to lay the rail on or before the first day of May, 1868, and the first five miles of said road shall be so completed ready to lay the rail on or before the 31st day of December, 1868, and the said Company shall further complete the first twenty miles of said road by grading and preparing the ground ready to lay the rail, on or before the 1st day of July, 1869, and the agreement of the City of Portland to pay the interest on the two hundred and fifty bonds of said company as herein provided is made upon the express condition that said company shall begin said work and complete the first five, and first twenty miles by the time as herein provided, and if the said Company shall fail to comply with the provisions of this Ordinance in any respect whatsoever then this Ordinance as to said Company shall be totally inoperative and be null and void, and the said Company shall be liable to repay to the City of Portland the amount which shall have been paid by the City of Portland under this Ordinance, and be liable for all damages which the city may have sustained by such failure.

SEC. 5. That upon the completion of the first five miles of said road, on or before the 31st day of December, 1868, as provided in section four, the Mayor and Auditor of said city, shall countersign the coupons attached to one hundred of said bonds, and deliver said one hundred bonds, with the coupons attached, to William S. Ladd of Portland, Oregon, whose duty it shall be to take charge of the same for the use and benefit of said company, and sell the same, at a price however of not less than eighty-five cents on the dollar, but with the privilege of hypothecating the said bonds or any portion thereof on the best terms said company can secure to raise money, and out of the moneys arising from sale or hypothecation, the said Ladd shall purchase such railroad iron, rolling stock and equipment and other material, necessary and requisite for the construction and equipment of said company's railroad, as the said company may designate, and have said iron, rolling stock and equipment brought to the city of Portland, Oregon, and delivered to said company as the ground is prepared to lay the rail, and upon the completion of five additional miles of said road, ready for the iron rail, the Mayor and Auditor of said city shall countersign the coupons attached to seventy five of said two hundred and fifty bonds, and deliver the same together with the coupons attached to said Ladd, who shall be authorized to dispose of them in the same manner as he is authorized to dispose of said one hundred bonds, and apply the proceeds in like manner, under the direction of said Company, and upon the completion of ten additional miles of said road by the time and in the same manner provided in Section 4, the Mayor and Auditor of said city shall countersign the coupons attached to seventy five the remaining bonds of said two hundred and fifty, and deliver the same together with the coupons attached, to said William S. Ladd, to be disposed of for the use and benefit of and under the direction of said Company, and upon the completion of said twenty miles of railroad, said William S. Ladd shall surrender any and all of said bonds remaining unsold to said Company. Said railroad to commence at the City of Portland and run into the Willamette valley not further north than the "Cornell Pass."

SEC. 6. In addition to the standing committees of this Council, the Mayor shall appoint a committee to be known as the "Committee on Railroads," composed of three members of the Council whose duty it shall be to examine the road of said Company and report from time to time the progress being made thereon, and upon the completion of the first five miles of said road ready for the rail, it shall be the duty of said committee, in connection with the City Surveyor, on the application of said Company, to examine the said five miles of road, and upon their certificate subscribed and sworn to that said five miles of road is graded and ready for the rail it shall be the duty of the Mayor and Auditor to sign the coupons attached to the first one hundred of said bonds, and deliver the same to the said Ladd, and upon the completion of the grading of an additional five miles of said road and the examination thereof, and certificate of said committee and surveyor as aforesaid, it shall be the duty of the Mayor and Auditor to countersign the coupons attached to seventy five of said bonds, and deliver the same to said Ladd, and upon the completion of ten additional miles of said road ready for the rail, and the examination thereof and certificate of said committee and surveyor as hereinbefore provided, it shall be the duty of the Mayor and Auditor to countersign the coupons attached to the remaining seventy five of said bonds and deliver the same to said Ladd. Provided, however, that the Mayor and Auditor of said city shall not countersign any of said coupons unless said Company shall begin work on said road and complete the grading thereof by the time and in the manner provided by section four.

SEC. 7. That the provisions of the preceding sections of this Ordinance, and the agreement of this city to pay the interest referred to in said sections, is made upon the express condition and consideration that the said "Oregon Central Railroad Company" does contract and agree, by the filing of its agreement hereinafter referred to, at any and all times for the period of twenty years from the first day of January, 1869, to transport and convey over their road all public messengers required to travel at the expense of said city free of charge, and also transport, carry and convey over their said railroad to or from any point on their line as may be required, free of charge, or other compensation for transportation than is provided in the Ordinance, all stone, gravel, earth, lumber, and timber or other materials which the City of Portland may require to be transported over the said company's railroad for the construction or repair of streets adjacent to public grounds, public buildings of said city, and any and all purposes for which the City of Portland may now or at any time hereafter lawfully provide.

SEC. 8. That in order to avail themselves of the provisions of this Ordinance, said railroad company, at a meeting of its Directors, shall accept the propositions contained in this Ordinance, and by a resolution spread upon their journal, direct their President and Secretary to enter into an agreement in writing, embodying therein the provisions of this Ordinance, and file the said agreement with the Auditor, signed by the President and Secretary of said company, and sealed with their corporate seal, binding said company to faithfully perform the conditions and considerations on the part of said company as stated in this Ordinance, and the Auditor of this city is hereby authorized upon the presentation to him of a duly certified copy of the said company's resolution of acceptance of the proposition in this Ordinance contained, to enter into and sign the said agreement to and with the said railroad company on behalf of this city, and attach thereto the seal of this city, which signing and sealing shall bind the City of Portland faithfully to pay the said interest coupons as they may fall due, and the faithful performance of all other duties in this Ordinance declared.

SEC. 9. In case said Oregon Central Railroad Company, of Portland, Oregon, shall fail to commence the work upon said road, or shall fail to complete the sections by the time and in the manner specified in Section 4, or in case said company should fail to perform any of the terms, conditions and considerations as provided by this Ordinance, the contract made in pursuance of this Ordinance with said company shall become null and void, and the Council shall declare the same, and all the rights accruing to said company thereunder, forfeited by said company.

SEC. 10. After the forfeiture by said Company, as above provided, any other duly authorized Railroad Company within this State may then avail itself of the provisions of this ordinance by laying out, grading and preparing the ground ready to lay the rail from the city of Portland to Eugene City, and completing the first twenty miles of said road on or before the first day of July, 1869. *Provided*, that such Company shall file its assent to the terms, conditions and considerations expressed in this Ordinance, in writing, with the Auditor, on or before the first day of February, 1869. *Provided*, that this Section of this Ordinance shall not be included in the acceptance of contract with the Oregon Central Railroad Company.

Elocutionary Exercises in our Public Schools.

It is common for teachers to devote two or three hours per week to exercises in declamation and composition. In some of the more advanced schools, companies of pupils are detained a few minutes on previous evenings, to rehearse or submit their compositions for review. Some aid is given by teachers and others in the selection of pieces to declaim, or of topics for composition. Generally, however, pupils make their own selections, the result of which is, a variety and often a strange mixture, revealing their own tastes and habits of thought. Some, however, stumble at the beginning, feeling unable to make any selections. One declamation day we are treated with bits of speeches from great men, scraps of poetry, here and there a comic piece; not unfrequently a trifling story, occasionally a touching narrative, or a poem full of pathos, like Barbara Fritche, or eloquent passages from some of the old masters of the art.

As one observes these facts, and recalls his own school days, he will remember the abiding and powerful influence upon his own mind of the pieces learned by him, or spoken by other students. His own taste was excited and cultivated; his style of writing took its form, his habits of thought were directed, his curiosity was aroused, while the themes, the spirit and the very names of the authors seemed to enter in and become a part of his own being then and ever after. When there was some stirring rehearsal of such speeches as Otis', Henry's, Curran's, Burke's, Wirts', Webster's, Clay's or Calhoun's, or passages from Chalmers, Story, Phillips or Headly, he felt the pulsations of a new mental life, his ideals were adopted unconsciously and his aim was evermore in that direction. On the other hand, a poor, trifling piece, or a bit of comedy made an impression like itself. The pupil was estimated by his piece. The comic lives in memory only as a comic. The penny-a-line poetry lifts its author no higher. He who was satisfied to repeat a section from Mother Goose's Melodies, stamped them upon his own mind, to be forever ringing there to the exclusion of worthier subjects, besides making the same impress of himself upon others.

Similar facts are true respecting what pupils read, but how much more respecting what they commit to memory and often repeat, and thus make a part of their own mental treasures.

In a word, he who fills his mind with rubbish will find only rubbish there in the future, and it will attract its own kind.

Elocutionary exercises probably make a deeper impression and lead to more settled judgments and habits than any other class of school exercises. They ought to be the subject of corresponding care and attention. Teacher and parent should see that a worthy and ennobling piece is selected and well learned, not simply for the speaking day, but for its effect upon the mental habits of the pupil. Nothing low, vulgar or trivial ought to be allowed. Even comic articles should have but small if any space. The mind abuses itself, if it is filled with grotesque ideas, or the antics of the buffoon. There is but a step from the sublime to the ridiculous. A false clip will mar the most beautiful statue, and a blot will deface the finest painting. One of the most powerful of living preachers deforms his productions and degrades himself by his inveterate facility of uttering witticisms.

Teachers do much to guide the future thoughts and studies of their pupils, as well as their present habits, and in no way more distinctly than by these united public efforts. They have many facilities to give a wise and happy direction in this department. Books are abundant on the subject. Reading books abound with choice extracts from the productions of the ablest minds in the world. It is easy to lead our children and youth into communion with those whose writings are imperishable monuments of excellence.

ENLIGHTENED PEOPLE.—"Is there a steady progress in Christianity among those cannibals?" asked an old lady of her nephew—a roving sailor—who had just returned from a long cruise. "Yes, Aunt Hebibah, they've got so now they can take their grog like Christians, and can't eat roast missionary without mint-sauce."

The Flathead Country.

Philip Ritz writes as follows to the Walla Walla *Statesman*, under date of Dec. 24th:

To day I was over to the Flathead [illegible]. There are about 1,700 Indians belonging to the reservation, and all that is left of this once [illegible]ful tribe.

In returning [illegible] over one of their battlefields—where they fought their [illegible] enemies the Blackfeet. It was on the [illegible] mountain amongst the timber. There were probably about 100 different piles of stones, them around the trees, indicating the spot one of their braves had fallen. Grant and Johnson.

There can be little doubt that General Grant in the [illegible] of one of his letters to Johnson, rightly interprets the motives of that functionary in [illegible] on the controversy of which we have [illegible] the particulars by telegraph. "I cannot," [illegible] Grant, "but regard the whole matter [illegible] tend as an attempt to involve me in [illegible] to law for which you hesitated to [illegible] responsibility, in order to destroy my [illegible] the country." This hypothesis [illegible] suits the character of Johnson. [illegible] he has gone to the very verge of open [illegible] to law, and as often he has turned back, afraid to assume the responsibility and too [illegible] to take the final step. He has manifested [illegible] inclination, on divers occasions, to [illegible] laws which are not to his liking; he [illegible] in the most violent manner from the [illegible] he has uttered the most indecent [illegible] in his messages; he has done his utmost [illegible] to embarrass, frustrate, nullify [illegible] render inoperative all acts which have [illegible] over his veto; rebels and [illegible] have waited in expectation that he [illegible] and begin a course of open [illegible] but he has always failed to screw his [illegible] to the sticking place. He is not the man to [illegible]. In the course he has pursued [illegible] characteristic of a pol[illegible] can storm and [illegible] and utter [illegible] but he takes good care never to do anything which would bring him into serious danger. [illegible] displayed by his actions [illegible] his whole term of office. We say then [illegible] little doubt that his object in this [illegible] to involve General Grant in a difficulty [illegible] lacked the courage to meet. [illegible] defy the Tenure of Office Act, he [illegible] Grant as an instrument for over[illegible]. His retort to Grant's charge shows [illegible] was a home thrust, and would be [illegible] to confirm its truth if any confirmation [illegible] is trying to [illegible] Johnson [illegible] for using "unbecoming language" [illegible] rebuking sin scarcely affords a [illegible] the man who has [illegible] name as [illegible] blackguard in our history [illegible] vile, whose have been [illegible] for the delight of rebel mobs at Washington, who has disgraced the country by a [illegible] tour, in which his coarse, violent, ob[illegible] harangues made every man [illegible] for [illegible] and [illegible] the party in [illegible] were made to beg him [illegible] and go quietly home,—[illegible] such a man [illegible] about language, it must be [illegible] as a very remarkable case of moral re[illegible].

[illegible] must admit that, so far, [illegible] advantage in this controversy. [illegible] the doctrine that a law of Congress [illegible] and must be obeyed until it is set aside by the [illegible] tribunal. Therefore when the Senate [illegible] the suspension of Stanton, [illegible] from the War Office. Johnson holds that the Tenure of Office Act is unconstitutional; [illegible] the right of pronouncing this judgment [illegible] trenching upon the province of the [illegible]; but being afraid to take the whole [illegible] of resisting the law, he endeavors to use Grant as an instrument to accomplish his [illegible], and as a guard to stand between himself and danger. Grant's position is impregnable. It is that of obedience to law and respect for the authority and constitutional powers of the [illegible] branches of Government. Johnson's [illegible] is exactly the reverse of this. He claims that all the powers of Government are united in [illegible] the right of Congress to pass laws which he [illegible] inexpedient or unconstitutional, and after such laws are passed, he usurps the [illegible] of the Judiciary by pronouncing [illegible] invalid.

A question of veracity between Grant and Johnson [illegible] a very prominent place in the [illegible] evidence. Grant emphatically affirms that he gave Johnson notice of his intention to vacate the War Office in case the Senate should decide to [illegible] Stanton, that he went to the President for the sole purpose of making his intention [illegible], and that he did make it known. Johnson [illegible] this, and attempts to show that Grant acted with duplicity in the matter. In the absence of any evidence by other parties to sustain the [illegible] of either, there is probably no man who would not give more credence to [illegible] statements than to Johnson's. The former has always been extremely cautious about giving expression to his views; before taking any step he has always given it mature consideration, he has established a character for probity and [illegible] forwardness in his actions, and has never been accused, much less convicted, of duplicity in any matter whatever. Who, on the other hand, places any reliance on Johnson? The downward road by which he has reached the lowest level ever sounded by any public man, is paved with broken promises, with acts of perfidy, with [illegible] the most notorious, with violations of faith the most open and glaring. He is not a man whose unsupported statements are sufficient to [illegible] a question of veracity with any one. This is not the language of partisan denunciation, for what man of any party can be found who [illegible] confidence in Johnson?

Railroad Ordinance.

We publish to-day the Railroad Ordinance as [illegible] and finally passed by the Common Council. An examination of its provisions will show that the city is perfectly secured against every contingency of loss. If the railroad is built, a result which there is every reason to hope for, no outlay that Portland could make would be felt [illegible] weighed against the benefits received; if the project should not prove successful, the arrangements are such that the city cannot suffer by any failure of the plan. But there is hope that the long cherished idea of a railroad is now in the way of being realized, and every citizen should take hold with earnestness and energy to push the enterprise to a successful termination. The people throughout the valley can now see that Portland is in earnest in this matter, and they should redouble their own efforts to secure the great result which all are aiming at.

[DISPATCHES TO THE OREGONIAN.]

DATES TO FEBRUARY 6.

Congressional.

WASHINGTON, Feb. 5.—In the Senate several Executive communications were presented and referred.

Howard introduced a resolution to employ counsel in certain cases, to defend Meade, Rudger and many other officers who may be proceeded against on account of the reconstruction acts.

Howard remarked that the Attorney General had on important occasions refused to appear and defend in the Supreme Court.

Sherman thought the Attorney General having openly committed himself against the constitutionality of the law, should not be allowed upon any case under the Constitution. He said if the Attorney General is conscientious in his opinion that the Reconstruction laws are unconstitutional, his simple remedy was to resign. Congress would not force him into Court against his convictions. Considerable discussion followed, mainly consisting of attacks and defense of the Attorney General. Finally the resolution was adopted.

A number of petitions, memorials, etc., were introduced and referred, when the Supplemental Reconstruction bill was taken up. Morrill took the floor in support of the bill.

In the House, Beatty, member elect from the 8th District of Ohio, appeared and took the oath.

Cook, from Committee on Railroads and Canals, reported a bill authorizing the constructing of a railroad from Washington to connect with the Northern Central railroad of Pennsylvania.

The House resumed the consideration of the bill forfeiting lands granted to Southern railroads.

Arnell's amendment, excepting the forfeiture of the land of the Nashville and Decatur railroad, was adopted and the bill finally passed.

The House then proceeded to consider the bill relating to the rights of naturalized citizens abroad. Judson made a speech in criticism of the bill. He denounced some of its provisions as remarkable and barbarous, and at variance with all the principles recognized by modern civilized Governments.

At the conclusion of Judson's speech, Logan rose to a question of privilege, calling attention to some remarks made by Marshall, in January, which appeared in the Globe of January 24th, occupying four and a half columns, and which speech he said was never delivered in the House. Marshall replied somewhat bitterly, defending himself on the ground that such practices are quite common. Several members spoke in regard to the privilege taken by members to revise and amplify their speeches. Logan replied very bitterly against Marshall. After another altercation, involving direct contradiction, the matter subsided and the House referred all the bills on the Speaker's table, except the resolution for employing counsel for defending Generals in carrying out the reconstruction acts, which was passed.

The President sent in a communication relating to the famine in Sweden and Norway. Adjourned.

Washington News.

CHICAGO, Feb. 4.—The *Republican's* special to-night says the President will nominate Seward as Minister to England, in place of Adams, resigned. Seward's friends say he will accept. Radical Senators promise to confirm him if he will agree not to meddle with politics, but leave the country immediately.

The President is exceedingly irritated at the conduct of Grant in transmitting copies of his letter to Stanton to be forwarded to Congress. To-day he replies to Grant's last letter very sharply and in stinging language, reminding him that he is the President's subordinate, and that it is not becoming to use such language as is contained in Grant's last letter. He further intimates that he will not submit to such language again.

The House spent a large portion of the session in committee of the whole, to consider the consular appropriation bill. An amendment provides a salary for a minister to Greece, but none to Turkey. Indications are that the amendment will be adopted.

Among the nominations sent to the Senate to-day, is that of Alexander Willard, of California, as Consul to Guaymas.

Another section of the Union Pacific Railroad has been accepted, thus carrying the line forty miles west of Cheyenne.

Gen. Howard has issued an order retaining in service all the officers of the Freedmen's Bureau below the rank of Major, heretofore ordered to be mustered out.

An insane woman created quite a sensation to-day walking down Pennsylvania Avenue in a state of perfect nudity. She was finally secured after a desperate struggle.

Seward officially announces that the act to suspend the further reduction of currency has become a law, notwithstanding the President failed to return it to Congress.

NEW YORK, Feb. 5.—The *Herald's* special says: During the investigation by the House Judiciary committee of the charges against Judge Field, Wilson, of Iowa, chairman of the committee, testified that he had heard remarks of the tenor of those charged in the resolution fall from the lips of Chief Justice Chase, pronounced while the reconstruction bills were pending in the Senate.

WASHINGTON, Feb. 5.—The Reconstruction Committee has appointed a sub-committee to consider whether there is any evidence of an intention on the part of the President to evade and violate acts of Congress and report accordingly.

The *Tribune's* special says the reconstruction committee have taken the Grant-Johnson correspondence into consideration, with a view to ascertain if the President has laid himself liable to impeachment.

The *Herald's* special says the President will make public his reply to General Grant, supported by statements of various members of the Cabinet, confirmatory of the President's version of the late difficulties.

Southern News.

CHARLESTON, Feb. 5.—The bill of rights was read the first time. It is liberal in its provisions. The right of suffrage is granted without qualification. The Constitution provides for a school system with attendance of twenty-four months of all children between six and sixteen years—all schools and colleges to be supported from the public funds, and to be open to all without regard to color.

JACKSON, Feb. 5.—Convention adjourned to give room to the Republican nominating convention. B. B. Eggleston, President of the convention, was nominated for Governor.

MONTGOMERY, Feb. 5.—Out of 1100 votes polled to-day, only six whites voted, four of them being candidates for office.

ATLANTA, Feb. 5.—The convention passed a relief clause—it denies jurisdiction to courts over all debts contracted prior to the surrender of the rebels, and leaves it discretionary with the Legislature to confer jurisdiction in all cases except in the case of slaves.

MEMPHIS, Feb. 5.—The total vote for the two days was 8500 colored and 36 whites.

NEW YORK, Feb. 6.—The *World's* Montgomery special says all the returns indicate the defeat of the new Constitution. There are hardly any white votes except candidates for office. The heaviest part of the vote has been polled. The same special says it is confidently expected that the President will soon send a special message to Congress giving his views with regard to the proper action to be taken on the subject of the Alabama claims, and the unlawful imprisonment of Americans by England.

The *Times'* Washington special says telegrams state that the Alabama election is progressing quietly. The adoption of the constitution is assured by an overwhelming majority.

The report from the Freedmen's Commissioner of North Carolina [illegible] there is considerable suffering among freedmen, on account of non-payment of wages and short crops.

New York Politics.

SYRACUSE, Feb. 5.—At the Republican State Convention to-day, Charles Van Wyck was made permanent President. After an acrimonious debate, the Radical delegation from New York City were admitted. The Conservatives were invited to seats on the floor. The President made a lengthy speech in support of the Congressional policy of reconstruction. He denounced the course of the President and alluded to Stanton as one of the purest American patriots and the ablest statesman. The resolutions are brief and declare a preference for Grant for President and Fenton for Vice President. The delegates at large to the National Convention are Stokes, Lyman Tremain, Charles Andrews and D. S. Brown.

LONDON, Feb. 4.—At a great meeting at Birmingham, yesterday, John Bright made a speech in which he pleaded the wrongs of Ireland in part extenuation of the Fenian outrages. They only begged for a church reform. He said there was nothing the United States could do if Ireland were part and parcel of that country which England could not do also if she would.

The *Times* has an editorial on the arrest of Irish Americans and their imprisonment. Train's arrest was a mistake. It says it should be distinguished from the arrests of Irishmen who come over with the secret intention to create a revolt against the Government.

CORK, Feb. 4.—A considerable body of men, supposed to be Fenians, were discovered early this morning in the vicinity of the castle, twenty miles west of this city. They appeared to be preparing to make an attack. A strong police force was ordered to the ground, when the assemblage dispersed.

LIVERPOOL, Feb. 4.—The strike of the cabman still continues, to the great annoyance of all classes. There is no prospect of a compliance.

FLORENCE, Feb. 4.—The Pope recently ordered the Catholic clergy to have a Te Deum sung in all the churches of Italy in honor of the victory of the Papal arms.

Victor Emanuel has issued a proclamation prohibiting the holding of religious ceremonies for such a purpose within the kingdom.

Says the *Courier*: "If you believe in the legal right of secession, then vote the Radical Republican Union (bal) ticket, for they are secessionists." It may be a question whether Joseph William interjected that "ba!" because he is a sheep or a calf. We give notice that we shall not undertake to decide the question.

A bill entitled a bill for the protection of grain fields and vineyards, in the county of Sonoma and other counties, but which ought to be entitled, for the wholesale slaughter of birds, and which ought not to pass any enlightened legislative body, was debated and referred to the Judiciary Committee.

The Senate joint resolution in favor of throwing open the Mendocino Indian Reservation to pre-emption, was read twice and referred to Committee on Indian Affairs.

The bill granting to the mining counties the State's share of the foreign miners' license tax, amounting to about $45,000 per year, was taken up from the general file. It occupied the House for several hours, and elicited the ablest and most elaborate debate of the session. The vote on engrossing the bill was 47 to 26. A motion to suspend the rules and consider the bill passed, was not sustained by two-thirds of the House, and so the bill takes its regular course, but will doubtless pass.

From Eastern Oregon.

We are permitted to make the following extracts from a letter written from Camp Lyon, Jan. 11, by Lieut. Waymire, to a gentleman in this city:

Our Indian scouts, eight in number, under D. C. Pickett, interpreter, have returned with the seven Indian scouts of Boise, after a week's operations along the Owyhee River, some forty miles distant. They had succeeded in finding a camp of hostile Indians near the river, and surprised them, killing one and capturing sixteen, eight of them men. The Snakes took refuge in a cave, from which it was impossible to drive them without great risk of life, consequently, as the best thing that could be done under the circumstances, they were received as prisoners of war. They were evidently on their way from the main camp across the Owyhee to the settlements, with the intention of stealing animals for winter's food. They were in a very destitute condition. The prisoners confess that they were part of a party which killed Sergeant Denoille last October. The intelligence derived from them is not very clear, but they are understood to say that Mrs. Denoille was taken sick soon after she was captured, and they killed her to get her out of the way. One of the captives wears Denoille's trowsers, and many articles are among the band which appear to have belonged to some woman's wardrobe—no doubt Mrs. D's.

The scouts and those in charge of them deserve great credit for their efficiency. The policy of employing them to operate against the hostile Indians in the winter season, at the same time occupying the country with garrisons, is certainly the solution of this long perplexing question.

I have now twenty four prisoners at this camp, awaiting orders from Boise. I think another season's operations will well nigh free Eastern Oregon of these vermin.

You will perceive I have dated my letter "Oregon." I do this by authority of Mr. Majors, U. S. Astronomer, who was here some weeks ago, running the line between Oregon and Idaho. His survey places nearly all this camp in Oregon. Our altitude is 4,600 feet above the sea level; latitude, 43° 7' N. We have had some extremely cold weather,—mercury as low as 27 deg. below zero.

Grant Club at Oregon City.

A meeting of the citizens of Oregon City, called for the purpose of forming a Grant Club, was held at the Court House on Monday the 3d day of February, 1868.

On motion, W. W. Buck was elected President, F. O. McCown Secretary and S. D. Moore of Canemah, Assistant Secretary.

On motion, a Vice President was chosen for each Precinct in the county. The following named gentlemen were duly elected: Judge Matlock, Samuel Miller, M. M. Owen, M. Patterson, John Kruse, Asa Sanders, Capt. Groves, C. W. Bryant, Henry Rowley, Garrett Palmateer, R. V. Short, Joseph Hedges.

A committee of three was elected to correspond with the Vice Presidents, consisting of Owen Wade, N. W. Randall and J. M. Bacon.

On motion, Maj. Rinearson, D. P. Thompson and Arthur Warner, were elected as a committee to secure the services of a brass band, and speakers to address the Club.

W. C. Johnson, James Winston, D. M. McKenney, H. Warren, — Caldwell, D. C. Ireland, J. M. Fraser, Walter Fish and D. P. Thompson, were constituted a committee on Resolutions and Platform.

On motion, it was ordered that a copy of the minutes of the Club be furnished the OREGONIAN and *Enterprise*.

After speeches by a number of gentlemen, the Club adjourned to meet on Saturday evening and every two weeks thereafter.

W. W. BUCK, President.
F. O. McCOWN, Secretary.

THE COOLEST YET.—The President's message to Congress, wherein he states that he removed Stanton because he (Stanton) opposed the reconstruction policy of Congress, is Arctic coolness. Brass melts at contact—from negative frigidity.

FIRST NATIONAL BANK OF IDAHO—BOISE CITY, I. T.—Organized March 11th, 1867, (with circulation) under Act of Congress, approved June 3d, 1864. Authorized capital $500,000. Paid up capital $100,000. B. M. DuRell, President. C. W. Moore, Cashier. Collections of Notes and Accounts on the principal places of Idaho Territory promptly attended to. Exchange for Coin or Currency on this Bank can be purchased of Ladd & Tilton, Portland, Oregon.

BROWN'S BRONCHIAL TROCHES.—"Your Troches are too well and favorably known to need commendation.
HON. CHAS. A. PHELPS,
Pres't Mass. Senate.

"My communication with the world has been very much enlarged by the Lozenge which I now carry always in my pocket; that trouble in my Throat, (for which the Troches are a specific) having made me often a mere whisperer." N. P. WILLIS.

CHAS. DICKENS' READINGS are creating quite a sensation in the Atlantic States, the proceeds of which are so enormously large that that popular author refused the sum of Twenty-five Thousand Dollars to come to San Francisco—and yet the people of Oregon continue to buy their clothing and dry-goods of the best and cheapest house in the State which, of course, is at KOHN & FISHEL'S.

Buchtel's Photograph Gallery is the *only* establishment in Oregon that is thoroughly prepared to do *all the different styles* of work in the art. Photographs from card to life size. *The new cabinet cards, &c.*, &c. Small pictures enlarged (retouched in India ink—painted in water-colors or oil by Mrs. S. J. Rumsey. Pictures that are fading can be reproduced in this way. All negatives taken in this gallery will be carefully preserved, and additional copies had. I have now on hand a very large collection of negatives, the names of which are recorded alphabetically in a book for that purpose that can be seen in the reception room.

So if you wish to cut a shine,
Just send your love a VALENTINE.

As railroad talk is all the go,
We Portland folks will make a show;
The cars are coming—clear the line,
Or you'll get a *Bond* for your VALENTINE.

The locomotive's startling shriek,
You'll hear it "clean across the creek;"
'Twill make "old fogies" howl and whine,
But we'll cure them with a VALENTINE.

We'll get the Bonds—then all we lack,
Is *depots, engines and a track*:
With these, we'll build a splendid line,
And pay the *cost* with a VALENTINE.

From Scappoose.—The steamer *Okanagan* Captain Strang, arrived yesterday afternoon from Scappoose where she has been laid up during the ice blockade. Capt. Strang reports the slough open to the lower end and that the ice in the Columbia gives unmistakable indication of breaking up. He thinks the river will be open in a day or two so that a steamer going via the slough may reach Rainier, from which point the river is now open to its mouth. In many places there is no ice now while in others the river is still frozen over. The worst place is understood to be at Coffin Rock, where the river is narrow and the ice formed a gorge while still running. At this point the thickness or rather the depth of the ice is from two to three or four feet. In addition to the thawing weather the tides are now getting high and will do much towards breaking up the ice. Above the mouth of Willamette slough, the ice is still thick and strong and may not break up for several days, even with warm weather. But there seems to be a prospect that communication with Astoria by river steamer at least, via the slough, will not be much longer delayed.

The Latest.—All other weather signs having failed as we are on account of the dry weather, there seems to be no resort left, except the signs of painful corns, which has never been known to fail since the discovery of shoe leather and tight boots. A gentleman solemnly and upon his honor, averred yesterday, that his corns were more painful than they had been since the 1st of January—a fact that he couldn't account for only on the supposition that the weather is about to change. Additional importance is given to this sign by the fact that the barometer sank several tenths during the day. One thing is potent. If the weather don't change soon, the [illegible] will all be used up. That's what's the matter.

A Rare Avis.—Jo. Buchtel has found a real, genuine rara avis—not a six-legged cat, double-headed calf, or anything of that sort. It is a specimen of a four-legged chicken—whether a game breed, [illegible] or barnyard, it matters not. It has two natural legs, just like any well-[illegible] fowl, on which it pedestrianated [illegible] and then two more perfect legs, coming out just [illegible] them. The latter, however, seem never to have been of any use, as the chicken never learned to use them. It can never be known whether this double-geared [illegible] came by accident or at the special request of [illegible] of this [illegible], as the chicken, alas, [illegible]

Information Wanted.—Mr Jacobi yesterday received a letter from [illegible] C. Whitney, Quincy, [illegible] making inquiries concerning his father, Mr Whitney. He left home some eight years since for California and subsequently came to Portland. The last time the son heard from him was a year ago last August, when he was still in this city. He is described as a man of about fifty five years of age, light complexion, light hair and near six feet in height [illegible] by trade and also a [illegible] surgeon. Malicious Damage.—Some scape grace, unknown [illegible] night, [illegible] the front end of Johnny Collins' bakery wagon, [illegible] ing an ugly hole through the boards and breaking the inside [illegible]. The act seems to have been prompted only by a malicious spirit, and the perpetrator couldn't do a better thing than to retire to some secluded place and hate himself to death

DR HOSTETTER'S STOMACH BITTERS should be in the possession of everybody in the mining region. As a preventive of various dangerous diseases to which the gold seeker is liable, it has no superior. While it is quite palatable even as a beverage it is speedy and powerful in its effects upon the system. In all cases of diarrhea dysentery and the prevailing fevers consequent upon exposure the Bitters will be found invaluable as a corrective. No man should enter upon the exposed camp life of a miner without being provided with Hostetter's preventive of stomach disease, nor should any of those who are engaged in the occupation fail to have recourse to the Bitters.—Sold by all druggists and dealers everywhere

PERRY DAVIS' VEGETABLE PAIN KILLER

THE UNIVERSAL REMEDY FOR INTERNAL AND EXTERNAL COMPLAINTS!

At this period there are but few of the human race unacquainted with the merits of the Pain Killer but while some extol it as a liniment, they know but little of its power in easing pain when taken internally while others use it internally with great success but are equally ignorant of its healing virtues when applied externally. We therefore wish to say to all that it is equally successful whether used internally or externally and it stands alone unrivalled by all the great catalogue of Family Medicines and its sale is universal and immense. The demand for it from India and other foreign countries is equal to the demand at home. And it has become known in these far off places by its merits

HOSTETTER'S

CELEBRATED STOMACH BITTERS!

A Pure and Powerful Tonic,

Corrective and Alterative, of wonderful efficacy in Diseases of the

STOMACH, LIVER AND BOWELS.

PROTECTIVE PROPERTIES.

Prevents Fever and Ague and Billious Remittent Fever; Fortifies the System against Miasma and the evil effects of unwholesome water; Invigorates the organs of digestion and the bowels.

Steadies the Nerves and tends to Prolong Life.

REMEDIAL PROPERTIES.

Cures Dyspepsia, Liver Complaint, Sick and Nervous Headache General Debility Nervousness Depression of Spirits, Constipation, Colic, Intermittent Fevers, Sea Sickness, Cramps and Spasms, and all [illegible] of [illegible] arising from Bodily Weakness, whether inherent in the system or

PRODUCED BY SPECIAL CAUSES.

NOTHING THAT IS NOT WHOLESOME, GENIAL, and restorative in its nature enters into the composition of HOSTETTER'S STOMACH BITTERS. This popular preparation contains no mineral of any kind no deadly botanical element, no fiery excitant, but is a combination of the extracts of rare [illegible] herbs and plants, with the [illegible] and safest of all diffusive stimulants

The weak [illegible] is gently invigorated, and the appetite restored by this Tonic, and [illegible] in cases of Dyspepsia, and in less [illegible] forms of Indigestion. Acting as a gentle and painless aperient, as well as upon the liver, it also invariably relieves the Constipation superinduced by irregular action of the digestive and secretive organs

Persons of feeble habit, liable to Nervous Attacks, Lowness of Spirits, and Fits of Languor, find prompt and permanent relief from the Bitters. The testimony on this point is conclusive, and from both sexes

As a Genuine Tonic, HOSTETTER'S BITTERS produce effects which must be experienced or witnessed before they can be fully appreciated. In cases of Constitutional Weakness, Premature Decay, and Debility and Decrepitude arising from old age, it exercises the electric influence. In the convalescent stages of all diseases it operates as a delightful invigorant. When the powers of nature are relaxed, it operates to re-enforce and re-establish them

Last but not least, it is the only safe stimulant, being manufactured from sound and innocuous materials, and entirely free from the acrid elements present more or less in all the ordinary tonics and stomachics of the day

Semmes' Lectures.

A LOYAL KENTUCKY CRITICISM.

"Admiral" Semmes delivered his two lectures on the Cruise of the Alabama, in Lexington, Ky., a few nights ago. The editor of the *Statesman*, the loyal paper of that city, attended, and thus records his impressions:

As he progressed with his subject, we wondered how it was possible that, under a government like ours—where the people are oppressed, trodden down and trampled under foot, where there is no freedom of speech or liberty of the press—a man could be found who had the nerve to stand before an American audience and use such daring utterances as came from the lips of the distinguished Admiral. Why, he spoke of the vessels constituting the American marine as "ships belonging to the enemy," as glibly as if we had just closed a war with some foreign power, and he had just returned from a cruise upon its coast. And then, how his eye sparkled, in describing the [illegible] of a merchant or whaling ship, when he uttered the words: "*We applied the torch!*" It was grand, noble, "chivalrous." Besides, the Admiral never interfered with private property—as did "Sherman and his bummers"—not he! He [illegible] an outward bound California steamer, mistaking her for one homeward bound, with a million or two of gold on board; but as the ship was only freighted with men, women and children (some five hundred in all), and not gold, he was greatly disappointed. As it was, however, the passengers had a considerable amount of money to pay their traveling expenses; but, although according to the laws of war the Admiral had a perfect right to seize it all, he magnanimously refrained from despoiling the passengers. Had he acted "like Sherman and his bummers," in their march to the sea, he would have taken the last dollar; but the Admiral never interfered with private property! The lecturer's description of the fight between the Alabama and the gunboat Hatteras, which resulted in the sinking of the latter, was extremely graphic, and delighted his very attentive audience beyond measure. It must be kept in mind that this was a great victory, as the Hatteras was a heavier ship, and in every other respect equal, if not superior, to the Alabama. But notwithstanding his success on this occasion, the wily Admiral was too cautious to risk another fight with a Yankee ship. It was worthy of remark to note with what delicacy the lecturer referred to the attack, death and burial of the famous Alabama; and we were much enlightened by the contrast between his own magnanimous [illegible] and that of Captain Winslow of the Kearsarge, who permitted one-third of the Alabama's crew to drown, in not using proper means to [illegible]. But the lecturer forgot to tell us that he himself preferred that anybody else should save him than Captain Winslow or his men.

[illegible] lectures, delivered in the Northern States, will [illegible] most salutary effect. Union men will [illegible] to feel that they have acted in a most [illegible] manner in not permitting the patriots of the South to sweep through the country like a whirlwind, to plant the Confederate flag upon the [illegible] of the nation, and to proclaim Jeff. Davis Emperor and Raphael Semmes Lord High Admiral. The hearts of those who fought against the Union will thrill with renewed patriotism, and will leap with joy at the recollection that they [illegible] in the attempt to destroy this despotic Government; they will likewise rejoice that they had a captain who could apply the torch to an [illegible] ship with as much indifference as he would sit down to breakfast, and yet [illegible] private property—even watches, chronometers and [illegible]!

TO THE UNFORTUNATE.

NEW REMEDIES, NEW REMEDIES

Dr. Gibbon's Dispensary,

616 KEARNEY STREET, NEAR COMMERCIAL, San Francisco. Established in 1854, for the treatment of Sexual and Seminal Diseases, such as Gonorrhoea, Gleet, Stricture, Syphilis in all its forms, Seminal Weakness, Impotency, etc. Skin Diseases (of years standing) and Ulcerated Legs successfully treated.

Horrible Diseases.

How many thousands of persons, both male and female, are there who are suffering out a miserable existence from the effects of secret indulgences, or from virus absorbed into the system! Look at their pallid, emaciated and disfigured faces and their broken down constitutions, disqualifying them for the happiness of marriage or the enjoyment of life. In this horrid situation thousands suffer until death closes the scene. Let parents, guardians, friends, attend to those who are suffering with any of these horrible life-destroying maladies—see that they are cared for and cured before it be too late. Send them immediately to Doctor Gibbon, a physician who has made private disease his especial study for years, and who is certain to cure the most inveterate cases without mercury or any injurious drugs. It is important to those who are afflicted, or to those who are interested in the welfare of their friends, to be careful of the many pretended doctors who infest all cities, publishing their skill in curing all diseases in a few days, imposing upon the public by using the names of eminent physicians from Europe and other places. Be therefore careful and make strict inquiry, or you may fall into the hands of those charlatans.

Seminal Weakness.

Seminal Emissions, the consequence of self-abuse. This solitary vice, or depraved sexual indulgence, is practised by the youth of both sexes to an almost unlimited extent, producing, with unerring certainty, the following train of morbid symptoms, unless combatted by scientific medical measures, viz: Sallow countenance, dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves and rattling of chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, hectic flushes; pimples and various eruptions about the face, furred tongue, fetid breath, coughs, consumption, night sweats, monomania and frequent insanity. If relief be not obtained, should apply immediately, either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails of effecting a quick and radical cure. Dr. G. will give One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of his complaint by either of the San Francisco quacks.

MARRIED MEN,

Or those who contemplate marriage, who are suffering under any of these fearful maladies, should not forget the sacred responsibility resting upon them nor delay to obtain immediate relief.

TO THE LADIES.

The various complicated and distressing diseases incident to females, treated with eminent success. Such as Suppressions, Irregularities, Whites, Falling of the Womb, Tumors, all Urinary Diseases, Nervous Debility, Painful or Difficult Menstruation, Barrenness, etc., will be speedily cured, without poisonous drugs, injuries or unpalatable medicines of any kind. Have no delicacy in calling, no difference what your troubles may be. The afflicted are cordially invited to call and satisfy themselves.

Persons calling at Dr. Gibbon's office or sending for packages of medicines, may rely upon his assurance of confidential secrecy with implicit faith, and expect no more than to be charged with, a fair, and mutually satisfactory remuneration for services rendered, considering the circumstances and difficulties of cases, rather than a too prevalent and selfish practice of extortion among quacks and pretenders.

DOCTOR GIBBON is responsible, and will give to each patient a written instrument, binding himself to effect a radical and permanent cure, or make no charge.

CURED AT HOME.

Persons at a distance may be CURED AT HOME, by addressing a letter to Dr. Gibbon, stating case, symptoms, length of time the disease has continued, and have medicines promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions for use, for Ten Dollars, sent in registered letter or through Wells, Fargo & Co.

Address DR. J. F. GIBBON, 616 Kearney street, corner Commercial, San Francisco. Post Office Box 252.

REMEMBER TO PUT BOX 252 ON THE LETTER.

Consultations FREE.

Correspondents will please inform DR. GIBBON that they read his advertisement in the *Daily Oregonian*.

HIRAM SMITH'S Ophthalmic Panacea!

IN BRINGING THE ABOVE NAMED NEW REMEDY to the notice of the Public, the Proprietor begs to state a few facts in relation to it, as follows:

It originated in Prussia, where the science of Medicine is so thoroughly taught and practised, but owing to the poverty of its discoverer its wonderful properties were not known beyond the limited circle of his acquaintance in which, however, it proved itself absolutely infallible in eradicating disease from the eyes.

He immigrated to this country, bringing his discovery with him, but seems to have been indifferent to the propriety of giving it general and wide-spread circulation, and, as previously in his native country, seemed only desirous of using it among his friends and neighbors.

The present proprietor was one of those neighbors, and for many years was a witness to its wonderful efficacy, and, after ineffectual efforts to persuade the inventor to more widely disseminate the knowledge of its virtues, finally became himself the possessor of the secret of its preparation.

And now, while he does not deny that he hopes and expects to make money by its sale, he must yet lay claim to a desire to benefit his fellows by presenting to them a remedy *which does and will cure where medical science* and all experience have failed.

He wishes it to be understood that it will cure *all* diseases of the eye, whether of recent or long standing; but its greatest power is exhibited when it is applied to old *Chronic Cases* of long standing, which have resisted every other attempt to cure them, and which have been given up as hopeless and past being cured or relieved.

He asks those afflicted in this way to give it a trial, and so confident is he of its success that he instructs all his agents TO REFUND THE MONEY IF IT FAILS TO CURE.

It has, within the past year, cured cases of GRANULATED LIDS, INFLAMMATION, &c., of FIVE, SIX, NINE, FIFTEEN and SEVENTEEN YEARS STANDING, evidence of which fact is furnished in the testimony of the following persons, living at and in the neighborhood of Harrisburg, Linn county:

ALEXANDER L. WALKER was cured of inflamed eyes, of nine years standing. Had been treated by eminent physicians during all that time without effect.

Mrs. MONTGOMERY, of Harrisburg, had inflamed eyes for over two years. For one year they were so bad that she could not work. Was finally completely, cured by the Ophthalmic Panacea.

E. B. MOORE, of the firm of Moore, Garst & Baber, of Harrisburg, had granulated lids for six years.

NATHANIEL BELL, of Clackamas county, had inflamed eyes—a bad case—for over fifteen years.

ROBERT RAMPEY and W. D. PORTER, of Harrisburg; JOHN M. HOLLOWAY, of Linn County; G. R. WARD, of Lane County, were all afflicted, more or less severely, with diseased eyes, and were cured by the Ophthalmic Panacea.

All the above named persons have given lengthy testimonials to the facts as above stated, which may be seen at the proprietor's office in Harrisburg.

DR. J. C. YOUNG,

Medical and Surgical INSTITUTE.

⁂ *CONSULTATION, IN ALL CASES, FREE.*

⁂ *CURES GUARANTEED, OR NO PAY REQUIRED.*

⁂ *IN ALL CASES WHERE CONFIDENCE IS REQUIRED THE UTMOST SECRESY MAINTAINED.*

The above rules, established by Dr. J. C. Young in 1850, and which have done so much to secure the reputation of this Institute, are still adhered to, affording those in need of medical aid, the certainty of cure and the utmost confidence.

There is nothing of so great importance to the sick as to know where to find a physician whose skill and humanity give assurance of proper and delicate treatment. The Doctor would respectfully call the attention of those of both sexes who are suffering or in trouble to the invariable success that has marked the career of the Institute in the seventeen years of its existence.

It is unnecessary in this connection to enumerate all the complaints treated at the Institute, but the Doctor feels it his duty to call especial attention to that terrible scourge,

SEMINAL WEAKNESS,

That is sapping with its insidiousness the very life of its victims; in the treatment and cure of which the Institute has earned so enviable a reputation.

READ! READ!

I am aware that by dwelling upon so uninviting a subject as the decay of manly vigor through the loss of the vital principle of life, the ignorant may asperse my motive; but the desire to point out to those who suffer, languish and decay, the true cause of their affliction, is too great an incentive to be forced into abeyance. How extended the terrible disease of Seminal Weakness is, no one but the practical specialist who devotes his time to its treatment can tell; but its presence can be detected by the most inexperienced by noting the following symptoms: Weakness of the back and limbs; languishing feelings, loss of muscular power, nervousness; irritability; cold feet or hands, accompanied by hot head; symptoms of consumption; short breath; flushings of the face; aversion to society; confusion of the mind; loss of memory; nightly emissions; colorless; slight discharges upon the least excitement; trembling; palpitation of the heart; irregular appetite; variable temper, etc.

YOUNG MAN, if you experience any of the various symptoms enumerated above, pause to consider. The present is the golden moment in which you may secure health and happiness. You may feel strong now, but if you have ever practiced the vice of self-abuse even in the slightest degree, you have the seeds of weakness in your system, and their undermining influence will, sooner or later, dash the fair edifice of your strength to the ground, leaving you a helpless, abject being. It is not a disease that declares itself at once. Therein lies its greatest danger; for while the patient is being treated for some affection of the Heart, Lungs, Brain, or Digestive functions, he sinks into a general debility that soon adds him to the list of the victims of the terrible disorder, Seminal Weakness.

See in the bent form and languishing steps, the poor victim of the fascinating vice! Mark the course of the destructive complaint in the hollow cheek and dull eye!

Drowsiness is one of the premonitory symptoms. At first it is easily shaken off, but it grows eventually into a great disinclination to pursue his regular business. The mind becomes apprehensive, and restless nights succeed days of depression.

It is the nature of the complaint to assume sudden changes that leave the poor victim but little hope of recovery. In a single instant it may wither your fond hopes and blast your honest aspirations.

Marriage is sought by a natural impulse as a hope of relief. This is an error of the first magnitude, for the system, unprepared for the exigencies of the occasion, suddenly fails, and he finds himself in a deplorable condition, from which there is but the slightest hope of recovery. Or if the marriage should result in offspring, they are puny, distorted, decrepid, and degenerate. This is applicable to both sexes, whether married or single, and to all times of life.

Do not delay if you feel any of the symptoms of the terrible complaint, or if your acts have been such as to lead to them, but by instant application secure to yourself the only hope of health and happiness. The Doctor uses no mercury or other deleterious drugs—cures, when taken in time, always guaranteed, and full and proper vigor restored.

The afflicted are assured of every confidence.

PERSONS AFFLICTED WITH VENEREAL.

During the seventeen years since the establishment of the Institute, the number of cases of Venereal that have been treated, show a record unsurpassed by any hospital in the world, and the success that has invariably marked the course of treatment,

Without Mercury or other Deleterious Drugs,

Shows conclusively the use of them to be not only uncalled for, but actually dangerous, for it is a thoroughly established medical principle that those poisonous drugs, by entering the blood, ruin the constitution and destroy life.

The Doctor effects a cure in recent cases, in a few days, and finds no difficulty in curing those of long duration, without submitting the patient to such treatment as will draw upon him the slightest suspicion, or oblige him to neglect his business, whether in-doors or without. The diet need not be changed. Cures always guaranteed, or no pay required.

IMPORTANT TO FEMALES.

When a female is in trouble or afflicted with disease, and requires medical or surgical assistance, the inquiry should be, "Where is there a physician competent to administer relief, and whose respectable standing in society will recommend him to the confidence of the community?" The Doctor, understanding how imperatively necessary these requirements are, feels called upon to interpose, and by calling the attention of the afflicted to the fact that he has been a Professor of Obstetrics and Female Diseases for twenty years, and is fully qualified to administer in all cases, both medically and surgically, not in a superficial manner, but in as thorough a manner as years of study and practice both in hospitals and private families—can make, to save them from the hands of the unqualified, unscrupulous or designing. Therefore, families can rely upon him as upon a father. All in affliction can find in him one who can feel and sympathize with and befriend them in trouble—one in whose secrecy the utmost confidence can be placed—consultation by letter or otherwise, free. Cures guaranteed in all weakness and trouble incidental to the sex. Private apartments are provided, when desired, where can be had all the advantages of unremitted attention of the Doctor, and the most skillful and and faithful nurses.

TO CORRESPONDENTS.—Persons, either male or female, residing in the interior, are often deterred from consulting the Doctor because they cannot spare the time, nor incur the expense of a visit to the city. To such he would say that a plain statement of the symptoms and information bearing upon the complaint, will enable him to prescribe for them so that they can be cured at home. None need have any false delicacy about writing, no matter what the nature of their complaint, as the communication will be seen by no one except the Doctor, and will be treated with the utmost confidence, and either be returned or destroyed.

Consultation Free.

Ayer's SARSAPARILLA,

THE WORLD'S GREAT REMEDY FOR
Scrofula and Scrofulous Diseases.

From Emery Edes, a well-known merchant of Oxford, Maine.

"I have sold large quantities of your SARSAPARILLA, but never yet one bottle which failed of the desired effect and full satisfaction to those who took it. As fast as our people try it, they agree there has been no medicine like it before in our community."

Eruptions, Pimples, Blotches, Pustules, Ulcers, Sores, and all Diseases of the Skin.

From Rev. Robt. Stratton, Bristol, England.

"I only do my duty to you and the public, when I add my testimony to that you publish of the medicinal virtues of your SARSAPARILLA. My daughter, aged ten, had an afflicting humor in her ears, eyes, and hair for years, which we were unable to cure until we tried your SARSAPARILLA. She has been well for some months."

From Mrs. Jane E. Rice, a well-known and much esteemed lady of Dennisville, Cape May Co., N. J.

"My daughter has suffered for a year past with a scrofulous eruption, which was very troublesome. Nothing afforded any relief until we tried your SARSAPARILLA, which soon completely cured her."

From Charles P. Gage, Esq., of the widely known Gage, Murray & Co., manufacturers of enamelled papers in Nashua, N. H.

"I had for several years a very troublesome humor in my face, which grew constantly worse until it disfigured my features and became an intolerable affliction. I tried almost everything a man could of both advice and medicine, but without any relief whatever, until I took your SARSAPARILLA. It immediately made my face worse, as you told me it might for a time; but in a few weeks the new skin began to form under the blotches, and continued until my face is as smooth as any body's, and I am without any symptoms of the disease that I know of. I enjoy perfect health, and without a doubt owe it to your SARSAPARILLA."

Erysipelas—General Debility—Purify the Blood.

From Dr. Robt. Sawin, [illegible] St., New York.

"DR. AYER. I seldom fail to remove Eruptions and Scrofulous Sores by the persevering use of your SARSAPARILLA, and I have just now cured an attack of Malignant Erysipelas with it. No alterative we possess equals the SARSAPARILLA you have supplied to the profession as well as to the people."

From J. E. Johnston, Esq., Wakeman, Ohio.

"For twelve years, I had the yellow Erysipelas on my right arm, during which time I tried all the celebrated physicians I could reach, and took hundreds of dollars worth of medicines. The ulcers were so bad that the cords became visible, and the doctors decided that my arm must be amputated. I began taking your SARSAPARILLA. Took two bottles, and some of your PILLS. Together they have cured me. I am now as well and sound as any body. Being in a public place, my case is known to everybody in this community, and excites the wonder of all."

From Hon. Henry Monro, M. P. P., of Newcastle, C. W., a leading member of the Canadian Parliament.

"I have used your SARSAPARILLA in my family, for general debility, and for purifying the blood, with very beneficial results, and feel confidence in commending it to the afflicted."

St. Anthony's Fire, Rose, Salt Rheum, Scald Head, Sore Eyes.

From Harvey Sickler, Esq., the able editor of the Tunkhannock Democrat, Pennsylvania.

"Our only child, about three years of age, was attacked by pimples on his forehead. They rapidly spread until they formed a loathsome and virulent sore, which covered his face, and actually blinded his eyes for some days. A skillful physician applied nitrate of silver and other remedies, without any apparent effect. For fifteen days we guarded his hands, lest with them he should tear open the festering and corrupt wound which covered his whole face. Having tried every thing else we had any hope from, we began giving your SARSAPARILLA, and applying the iodide of potash lotion, as you direct. The sore began to heal when we had given the first bottle, and was well when we had finished the second. The child's eyelashes, which had come out, grew again, and he is now as healthy and fair as any other. The whole neighborhood predicted that the child must die."

Syphilis and Mercurial Disease.

From Dr. Hiram Sloat, of St. Louis, Missouri.

"I find your SARSAPARILLA a more effectual remedy for the secondary symptoms of Syphilis and for syphilitic disease than any other we possess. The profession are indebted to you for some of the best medicines we have."

From A. J. French, M. D., an eminent physician of Lawrence, Mass., who is a prominent member of the Legislature of Massachusetts.

"DR. AYER. My dear Sir: I have found your SARSAPARILLA an excellent remedy for Syphilis, both of the primary and secondary type, and effectual in some cases that were too obstinate to yield to other remedies. I do not know what we can employ with more certainty of success, where a powerful alterative is required."

Mr. Chas. S. Van Liew, of New Brunswick, N. J., had dreadful ulcers on his legs, caused by the abuse of mercury, or mercurial disease, which grew more and more aggravated for years, in spite of every remedy or treatment that could be applied, until the persevering use of AYER'S SARSAPARILLA relieved him. Few cases can be found more inveterate and distressing than this, and it took several dozen bottles to cure him.

Leucorrhœa, Whites, Female Weakness, are generally produced by internal Scrofulous Ulceration, and are very often cured by the alterative effect of this SARSAPARILLA. Some cases require, however, in aid of the SARSAPARILLA, the skillful application of local remedies.

From the well-known and widely-celebrated Dr. Jacob Morrill, of Cincinnati.

"I have found your SARSAPARILLA an excellent alterative in diseases of females. Many cases of Irregularity, Leucorrhœa, Internal Ulceration, and local debility, arising from the scrofulous diathesis, have yielded to it, and there are few that do not, when its effect is properly aided by local treatment."

A lady, unwilling to allow the publication of her name, writes:

"My daughter and myself have been cured of a very debilitating Leucorrhœa of long standing, by two bottles of your SARSAPARILLA."

Rheumatism, Gout, Liver Complaint, Dyspepsia, Heart Disease, Neuralgia, when caused by *Scrofula in the system*, are rapidly cured by this EXT. SARSAPARILLA.

AYER'S CATHARTIC PILLS

possess so many advantages over the other purgatives in the market, and their superior virtues are so universally known, that we need not do more than to assure the public their quality is maintained equal to the best it ever has been, and that they may be depended on to do all that they have ever done.
